AVENUE of the GIANTS

ANCIENT REDWOODS

humboldt county, northern california

This world-famous scenic drive is an alternate 31-mile country road which parallels and intersects Hwy 101 with its 51,222 acres of magnificent redwood groves. It is by far the most outstanding display of these giant trees in the entire 500 mile redwood belt and is easily accessible with convenient services provided along the way. The Avenue of the Giants is surrounded by Humboldt Redwoods State Park which has the largest remaining stand of virgin redwoods in the world. Take time to picnic, camp, hike, swim, fish, raft, bike ride, or simply experience peace in the cool hush of these ancient old growth forests.

North Entrance to the Avenue of the Giants

THE DYERVILLE GIANT The Dyerville Giant's crown is now in pieces, but its final height has been estimated at 375 feet. It had a circumference of 52 feet, four inches and a crown spread of 74 feet and weighed more than a loaded 747 jumbo jet (1,000,000 lbs). Even for those who saw it when it was still standing, its size is difficult to comprehend. The Dyerville Giant was recognized as the "Champion" Coast Redwood as certified by the American Forestry Association until it fell on March 24, 1991. Experience it during your visit to the **Founder's Grove**, just north of Weott, south of Redcrest off Dyerville Loop Road.

SHELTER COVE A unique seaside community offering an airport, golf course, superb lodging and fine dining, surrounded by volcanic black sand beaches, mountains and incredible coastal views. Shelter Cove boasts excellent ocean fishing, tidepools, beachcombing and mountain trail hiking, all at your doorstep. While touring the North Coast, a visit to Shelter Cove is definitely in order. During late April and all of May, check out the migrating whales just off shore. Don't miss visiting this secluded slice of paradise nestled between the King Range National Conservation Area and the majestic Pacific "Lost Coast".
